COME NOW, Barbara D. Richardson, Commissioner of Insurance "Commissioner") for the State of Nevada in her capacity as Temporary Receiver of Physicians Indemnity Risk Retention Group, Inc., ("PIRRG" or the "Company"), and

28

Regulatory Services Group ("RSG"), the Special Deputy Receiver of PIRRG, and file this Third Status Report in the above-captioned receivership.

I. INTRODUCTION AND HISTORICAL BACKGROUND

PIRRG is an incorporated association formed as a captive insurance company organized under the insurance laws of the State of Nevada and the Liability Risk Retention Act of 1986. In accordance with Chapter 694C of the Nevada revised statues (NRS) PIRRG operates as a risk retention group as that term is defined by NRS 694C.141. PIRRG is domiciled in the State of Nevada and received its initial Certificate of Authority on July 28, 2006. PIRRG received an amended Certificate of Authority on February 8, 2018 thereby updating its statutory home office to Reno, Nevada. As a risk retention group, PIRRG wrote professional liability insurance to physicians and their medical groups under claims-made indemnity policies.

PIRRG's December 31, 2018 audited financial statement and RBC Report, both filed on April 1, 2019 in accordance with NRS 680A.270 and NRS681B.550, reported the risk retention group's RBC had dropped to 185.6% thereby casting genuine doubt upon the independent auditor's assessment that PIRRG would be able to continue operating as a going concern. On July 22, 2019 the Commissioner determined PIRRG was operating in a hazardous financial condition and notified PIRRG of the regulatory impairment. After the submission of three proposed Corrective Action Plans submitted by PIRRG between May and September of 2019, all of which were reviewed by the Nevada Division of Insurance and thereafter deemed insufficient to address and resolve the RBC and financial impairment of the risk retention group to the satisfaction of the Commissioner and her regulatory staff. On November 19, 2019, the Commissioner issued a Notice of Rejection of Third Corrective Action Plan and Confidential Order Imposing Corrective Action ("Corrective Order").

The Corrective Order required PIRRG to fulfill certain requirements that adequately address the RBC issue. Specifically the Corrective Order included, but was not limited to, the infusion of \$800,000 of new capital and surplus within 30 days of the

date of the Corrective Order or December 19, 2019. A further requirement was that PIRRG's December 31, 2019 RBC ratio be in excess of 300%. PIRRG did not fulfill either of these requirements of the Corrective Order within the required timeframe.

On January 31, 2020 PIRRG's captive manager reported a negative surplus for the risk retention group as of December 31, 2019. On March 2, 2020, PIRRG failed to submit to the Commissioner a required report of its financial condition pursuant to NRS 694C.400. On March 6, 2020 PIRRG submitted an unsigned financial report indicating it was insolvent pursuant to NRS696B.110.

The foregoing facts associated with PIRRG's financial impairment constituted sufficient grounds for a formal delinquency proceeding pursuant to NRS 696B.210 and NRS 696B.220.

On March 12, 2020, the Commissioner petitioned this Court pursuant to NRS 696B.250 to seek her appointment as Receiver of PIRRG for the purpose of its rehabilitation, conservation or liquidation, and to grant permanent injunction and other relief authorized by Chapter 696B of the NRS and other applicable law in order to protect PIRRG's policyholders, creditors and the public from the dangers and risks inherent to the delinquency of this entity.

On March 19, 2020 this Court granted injunctive relief and appointed the Commissioner as Temporary Receiver and issued an order, pursuant to NRS 696B.250(2) and further directing PIRRG to appear in court on March 31, 2020 and show cause why the Commissioner's petition should not be granted. On March 26, 2020 PIRRG filed a peremptory challenge and the case was reassigned to Department 1, thereafter on April 7, 2020, after consulting with both parties, this court rescheduled the hearing to Show Cause from March 31, 2020 to May 27, 2020. The PIRRG estate and its creditors cannot endure the ongoing delay to address the permanent nature of the receivership. The impaired risk retention group has now been subject to over a year's delay to accommodate

endless production demands that appear to be designed to ensure the receivership proceeding fails.

On April 2, 2020 the Nevada Insurance Commissioner in her court-appointed capacity as Temporary Receiver of PIRRG retained the services of Regulatory Services Group to act as the Special Deputy Receiver for PIRRG. Regulatory Services Group ("RSG" or "Special Deputy") acting as the Special Deputy Receiver is vested with all the rights, duties and authority of the Temporary Receiver, subject to the supervision of the Nevada Insurance Commissioner as Temporary Receiver and of the Court.

II. RECEIVERSHIP ADMINISTRATION

A. Notices of Developments in Receivership

On February 2, 2021, Counsel for the Temporary Receiver filed a Motion for Order of Liquidation and other Permanent Relief which was opposed by the law firm Leverty and Associates. A hearing was initially scheduled for August 6, 2021 at 9:00 a.m. However, a stipulation was entered between the parties and the hearing was rescheduled for September 17, 2021 at 10:00 a.m.

PIRRG Policies

As of June 30, 2021 all but eleven PIRRG policies (all involving tail coverage risk) have been transferred to new insurers or expired on their own terms. The majority of PIRRG members had their policies transferred via formal agreement to ISMIE in 2020, a well-capitalized Illinois professional liability carrier that insures a significant share of the professional liability market in Illinois. ISMIE is an admitted carrier in Florida.

The Special Deputy Receiver retained and worked through the local PIRRG staff to ensure all policies being accepted by ISMIE were on terms and conditions consistent with their existing PIRRG coverage. By the 3rd quarter of 2020 all policies scheduled to be transferred to ISMIE had been transferred. Any remaining tail policies will be cancelled, to the extent they have not already lapsed on term, upon the placement of PIRRG into permanent receivership. To help preserve the limited assets of PIRRG the Special Deputy Receiver has placed a moratorium on various policy administration and claim expenses

and will address those obligations in conjunction with the placement of the impaired risk retention group into permanent receivership.

B. Policyholder Related Claims

As of June 30, 2021 PIRRG reported \$2,238,886 in estimated policy liability with 56 open claims of which 32 fall under some form of litigation or pre-litigation status. Notice of the PIRRG temporary receivership injunction has been provided to all active defense counsel for PIRRG. The Special Deputy Receiver has sought to gain a stay in all active proceedings against PIRRG insureds pending further orders from this court, but as significant time continues to pass courts are becoming increasingly more impatient to allow the local stay to remain without some indication of the timing of a final ruling in the receivership case. PIRRG's open claims are not covered by any insurance guaranty statutes but the reciprocal has a reinsurance program in place that may serve to pay a portion of any claims exposure or other claim-related obligations. The Special Deputy Receiver has reviewed and actively monitors the open claims and legal cases against PIRRG policyholder medical providers. The Special Deputy Receiver provides periodic updates to policyholder defense counsel about the status of the receivership and any case developments. Ultimately, the Special Deputy Receiver is prepared to commence a proof of claim process in accordance with Nevada's distribution priority statutes thereby seeking to determine and pay approved claims on an equitable basis subject to the limitations on available PIRRG assets.

C. Records and Assets Control

The Special Deputy Receiver has control of most of PIRRG's books and records, both tangible and electronic. The majority of PIRRG's records are maintained in electronic format at the risk retention group's home office in Wesley Chapel, Florida and also with PIRRG's captive manager Strategic Risk Solutions at their offices in Arizona. It is the understanding of the Special Deputy Receiver that most all claim and claim related hardcopy files as well as electronic files are in the custody and possession of Steve Adler PIRRG's CEO and or at the offices of Melsar Risk Management Services ("Melsar"). In

addition to the legal files held by Mr. Adler and Melsar there are various case files in the respective offices of defense counsel representing PIRRG insureds. It is also the understanding of the Special Deputy Receiver that various legal files associated with the pending reinsurance arbitrations and the case against AON are all in the custody of Leverty and Associates in Reno, Nevada. The Special Deputy has yet to receive any of these files from the law firm despite repeated formal requests. As a result of PIRRG records being held by parties in various locations and states, coupled with current civil restrictions and court continuances, the Special Deputy Receiver will complete a final consolidation of all known records upon further ruling from this court, specifically in obtaining the claims and claims handling records and consolidation of all the corporate records.

In addition to records control, the Special Deputy Receiver has taken control of PIRRG's bank and treasury accounts. All known bank accounts and treasury accounts are now in the control of the Special Deputy Receiver.

D. Financial Analysis and Receivership Expenses

As of June 30, 2021 PIRRG's liabilities exceed its assets by \$2,910,800. PIRRG has reported assets of \$7,797,756 and liabilities of \$10,708,555. Based on the PIRRG's current financial condition, it is insolvent within the meaning of NRS696.110(1). Specifically, PIRRG's current cash and short term investments as of June 30, 2021 total \$970,642 which is comprised of \$70,765 in cash or cash equivalents in their Wells Fargo operating account and a PIIRG Pool balance of \$899,876. Additionally, for the period ending June 30, 2020 PIRRG reported a reinsurance asset of approximately \$3,453,600 due from the risk retention group's reinsurance partners in the London Markets. This estimated recovery has not been verified by the Special Deputy Receiver and is subject to formal dispute. The Special Deputy Receiver continues to provide updated financial data

¹ On August 8, 2019, PIIRG filed a lawsuit against AON Insurance Management ("AIM") and AON Risk Services of Florida ("ARS") in Washoe County, Nevada, Case No. CV-19-01563, alleging various causes of action claiming that the Defendants placed "illusory" reinsurance treaties with the Company that did not provide for a true risk transfer for the years 2011 through 2017.

to the reinsurers and remains in periodic contact with counsel for the reinsurers for the purpose of preserving a productive rapport and posture to seek resolution upon entry of the final receivership relief. Counsel for the London Market reinsurers continues to express a willingness to seek an equitable resolution to the PIRRG reinsurance program. Upon entry of a permanent receivership order, both parties will work to submit the necessary financial submissions through the proprietary system for billing and review after which the PIRRG estate can evaluate the amounts currently due and the prospects of a commutation. A copy of PIRRG's June 30, 2021 quarterly financial statements are attached as **Exhibit 1**.

From October 1, 2020 through June 30, 2021 the Special Deputy Receiver incurred \$473,765 in estate administrative expenses maintaining the essential elements of the remaining entity and to stay compliant with the orders of this court over the last nine months. The PIRRG expenses fall into a few distinct categories of administration. Specifically, PIRRG paid the following over the period being reported:

Payroll (Adler/Kent salaries + part-time admin. position)	\$300,367.72
Captive Management Fees (SRS)	\$ 87,894.19
RSG (Sp. Deputy Receiver fees)	\$ 51,628.57
Rent	\$ 13,228.00
Melsar (Adler claim fees)	\$ 6,189.56
Gen. Admin. (phone, security, IT hosting, cleaning, etc.)	\$ 14,457.37

The Special Deputy Receiver continues to work through the remaining PIRRG staff in Florida to address all invoices and ensure proper controls over weekly payables. To maintain the core elements of the risk retention group a small population of vendors and services have been retained through the interim period awaiting further orders of the court. Each month the basic costs to support the small Florida home office and retained PIRRG staff together with the fees of the captive manager, tax preparer and Special Deputy average approximately \$55,000 a month. PIRRG's retained staff, rent/services, captive manager represent 95% of the interim monthly holding costs while awaiting

further orders of the court. The Special Deputy Receiver has accounted for all invoices approved and paid on behalf of PIRRG, an informational copy of expenses paid during the period October 1, 2020 through June 30, 2021 is attached as Exhibit 2.

Ε. Third-Party Support

Strategic Risk Solutions ("SRS") is assisting the Special Deputy Receiver with the preparation and filing of financial statements and a limited portion of PIIRG operations. As referenced above, SRS has acted as the captive manager of PIIRG since 2017 and maintains PIIRG records in an electronic format.

The Receiver has engaged the law firm of Greenberg Traurig LLP ("Greenberg Traurig"), as counsel in this receivership matter. Pursuant to NRS 696B.290(6)-(7), the Receiver is advising the Court of the same and including as **Exhibit 3** hereto, a copy of the rates for the Greenberg Traurig firm.

F. **Ongoing Priorities**

Upon the placement of a permanent receivership order, the Special Deputy Receiver will focus on the resolution of the key reinsurance disputes and collections, as well as evaluate the strength and requirements associated with litigation being asserted by Leverty and Associates against AON related to the placement of certain reinsurance treaties. Additionally, the Special Deputy Receiver will commence a proof of claim process to determine the total estate liability and ultimately will seek court authority to release a distribution of estate assets to approved priority claimants.

The Special Deputy Receiver, in coordination with SRS and the PIRRG home office staff, continues to process the weekly payroll and essential vendor expenses. All nonessential expenses have been suspended subject to further order of this court. As mentioned above, PIRRG insureds do not enjoy the "safety net" coverage benefits of an insurance guaranty association as such the Special Deputy Receiver must balance ongoing expenses and potential recoveries against the prospect of PIRRG's current impaired financial condition. This balancing effort is proving to be a significant challenge due to

continuing delays associated with the pending show cause hearing to consider a 1 2 permanent receivership and liquidation. III. CONCLUSION 3 In compliance with NRS 696B.290(7), the Special Deputy Receiver submits the 4 aforementioned report and respectfully requests that this Court approve this status report 5 6 and the actions of the Receiver and Receivership Manager. 7 DATED: August 19, 2021. 8 Respectfully submitted: 9 Barbara D. Physicians Indemnity Risk Retention Group, Inc. Unaudited GAAP Financial Statements June 30, 2021 Executive Summary

- 1. These financial statements have been prepared based on generally accepted accounting principles (GAAP) as allowed by the Nevada Division of Insurance with the exception of the Schedule F penalty and netting of reserves. These financial statements assume the Company will continue as a going concern, however, the Company was placed into temporary receivership effective March 19, 2020 because its liabilities exceed its assets. There is substantial doubt about the Company's ability to continue as a going concern and the reader is cautioned that the majority of items listed under Deferred Policy Acquisition Costs (\$5,249) and Other Assets (\$8,073) represent prepaid expenses that might not be available to pay claims in the event that the Company is declared insolvent. The Temporary Receiver has received an August 6, 2021 Show-Cause hearing date to address the permanent status of the receivership.
- 2. On August 8, 2019 the Company filed a lawsuit against AON Insurance Management ("AIM"), and AON Risk Services of Florida ("ARS") in Washoe County, Nevada (CV 19-01563) alleging various causes of action ranging from simple misrepresentation claims to intentional misrepresentation and fraud. The Company's lawsuit asserts that the AON entities, acting in the capacities of reinsurance broker (ARS) and reinsurance intermediary (AIM), placed "illusory" reinsurance treaties with the Company that did not provide for a true risk transfer for the years 2011 through 2017.

The merits of the case and its various causes of action have not been fully briefed and the likelihood of a favorable ruling and timely payment of claimed damages remains uncertain and therefore is not included in the assets as presented in these financial statements.

3. The Company's 2020 Risk Based Capital (RBC) report provided perspective as to why the Company came under temporary receivership. While the financials are prepared based on GAAP, the RBC, calculated by statutory accounting is relied upon by the regulators to oversee RRGs. The results indicate put the Company in a Mandatory Control level which is defined as at or below 70% of the Authorized Control Level.

6. Accounting Processes Applied:

Underwriting balances related to reinsurance contracts with the London Markets are derived using Aon's interpretation of the reinsurance contracts. This method affects the loss ratio which, based on claims settled year-to-date materially reduced the net incurred loss ratio.

The current year-to-date loss ratio of 85% is not comparable to the 2020 loss ratio of -73% as in 2020, premiums earned were negative due to policy cancellations since the Company is in runoff. An updated loss reserve analysis was not prepared

- **b.** by an actuary for 2020 and therefore, the ultimate losses have only been adjusted by activity that exceeds the ultimate losses previously estimated by an actuary. The accounting method applied is consistent with the method used on the prior quarterly filings this year. See further analysis on the following page.
- c. There is a 100% allowance for the subsidiary receivable to account for erosion of the bank account balances from bank fees in the accounts opened by the Agency when the funds were loaned in 2019.
- d. The following balance sheet items require an annual calculation that has not changed since December 31, 2019:
 - Component of unearned Premium for DDR of \$281,588
- e. The following balance sheet items require an annual calculation and have been updated at year-end 2020:
 - Provisional reinsurance premium payable of \$287,907
 - Contingent reinsurance premium payable of \$1,623,965
 - Accumulated provision for reinsurance schedule F penalty charge to Shareholders Equity of \$912,000

Accrued legal fees and expenses submitted to the PIRRG estate after the entry of the March 19, 2020 Temporary
Receivership Order are being reported as expenses on the income statement. The work and associated costs incurred and billed have not been authorized by the Special Deputy Receiver. All unauthorized amounts submitted and reported will be evaluated for proper treatment in accordance with applicable law.

- On the balance sheet, the Company is reporting a policy cancellation liability of \$1,041,670 and premiums receivable of \$511,559. Since almost all of the policies have been cancelled, further analysis is required to determine how much of the premiums receivable can offset the policy cancellation liability.
- **h.** These financials are presented on a pre-tax basis.
- There is additional surplus note interest payable of \$60,201 which is not on the balance sheet due to the Nevada DOI having previously denied the request to pay interest in 2020.
- j. The ISMIE Quota Share reinsurance contract was not extended past 3/31/20 and is therefore in run-off.
